What's My Number?

Color Deciphering

Use your **Pantone Guide** to decipher the colors of the candy that your group has received.

This is a **Blog Assignment**. You may work as a group to decipher the colors, but **each of you needs to create your own post** and answer your own questions.

Title the Blog Post: What's my Number? Color Deciphering

Take a photo of each of your pieces of candy.

Next write the Pantone colors that are included in the packaging and/or the color of the candy. Make sure your findings are clear.

Next, answer the following questions on your post:

1. It was easy/hard to decipher the colors, and why?
2. How does the Pantone system improve design and printing?
3. When would be a good time to use Pantone colors in this class?
